

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear violation of public trust in fair and partisanship-free news and media.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. I truly believe the public interest is best served when media is used to educate us with information and opinions from both sides, not to smear one candidate because it serves the corporation which owns the stations to do so.

Please take action in this matter, and demand that Sinclair act responsibly in its broadcasting decisions. Thank you.
